Thank you Tita.

You can specify the question numbers and a short description of each suggested question why it could be a CBI.

It is a rare event that we treat our own letter as a CBI.

We need to review your claim to make a proper decision.

Jae

Tita, Thank you for letting us know the potential confidential nature of the information request letter dated December 15, 2016.

Since your email contains no specific information about which questions are potentially confidential nature, we can't mark the entire December 15, 2016 Information request letter as a confidential business information (CBI) at this time. However, with respect to your claim, we will not release this letter to the public until you submit more specific information about the types of CBI questions in the letter.

When you submit a response for the letter, you can certainly request EPA to mark certain types of questions as CBI of the December 15, 2016 letter.

If we receive any Freedom of Information Act (FOIA) request of the letter, we can contact you first for any additional information about your claim of the CBI of the letter.

Please let us know the tentative response submittal date of the Information Request.  
After we receive the Tradebe's response, we can arrange a meeting to discuss the submitted response.

Thank you

Jae Lee
